

Covid 19 Update at The Poplars

From July 19th, we will continue to take many steps to help keep our staff & customers as safe as possible when visiting us

- We encourage diners to PRE BOOK a table for the lounge or restaurant as much as possible, but if we have a free table for a 'walk in' we will always try to accommodate you. We are no longer taking bookings for outside tables as this is once again on a 'help yourself' basis
- At the start of every shift, all STAFF MEMBERS will be assessed they are fit for work & temperature checked. As well as continuing to wear FACE COVERINGS at all times & participating in RAPID LATERAL FLOW TESTING twice weekly
- We RECOMMEND customers wear FACE COVERINGS & CHECK IN with NHS Track & Trace, both an app QR code & pen & paper system are readily available
- Our TABLES are still SOCIALLY DISTANCED as much as possible
- We advise customers to use the HAND SANITISER stations provided which are located at the entrance & exit & the toilets
- There is a rigorous CLEANING REGIME throughout. All menus, tables & chairs will be sanitised before use & frequent touch points will be cleaned regularly
- LOUNGE & RESTAURANT – TABLE SERVICE will be provided to discourage movement
- BAR - Customers to please ORDER AT THE BAR although we discourage vertical drinking at the bar
- OUTSIDE – Customers must ORDER & PAY AT THE BAR as well as using toilet facilities in the bar & following the one way system
- There is a ONE WAY SYSTEM we ask you to follow when entering or exiting the building
- Doors & windows will be open as much as possible to INCREASE VENTILATION
- We strongly encourage card payments, CONTACTLESS is preferred where possible

Thank you to you all for your continued support, we really appreciate it.

STAY SAFE x
